Dear Kermit,
Sorry that it took me so long to reply to your letter of January 5th, but we have been in the process of renovating our entire studios and operation. The programing which you listed for January 4th was correct.

Since I am not familiar with the proper way to respond to your verification I have just put the verification on one of our blank business cards. Should you wish something different please let me know and I will be glad to comply.

We appreciate your response to our signal and programing and would like to hear from you in the future concerning our signal strength.

Should you be in the area please make it a point to stop in and say hello.

Sincerely,

Al Black
Operations Manager
